Instruction/ Instrukce

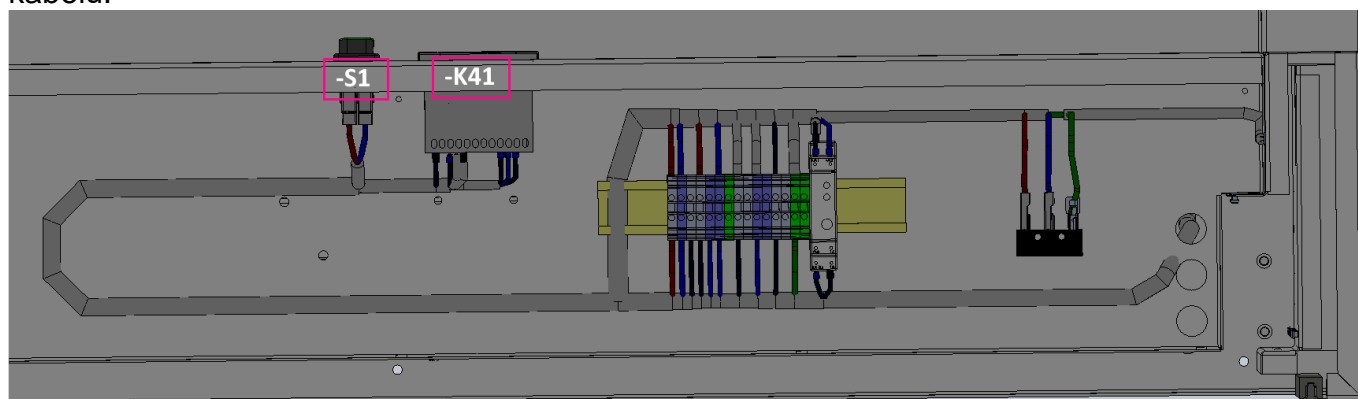

B.PRO

Routing cables high and low at cooling stations // Vedení kabelů vysoko a nízko u chladicích stanic

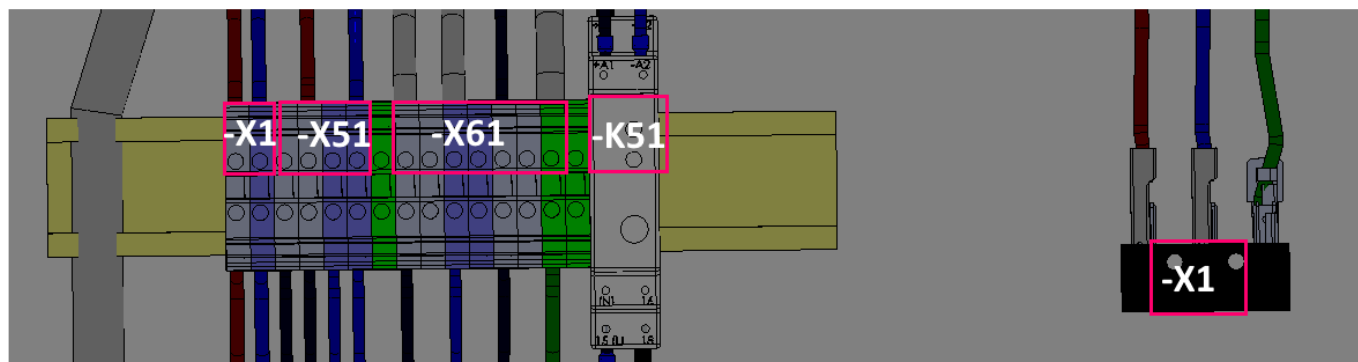

- Cooling station low glycol // Wiring diagram no. 170200 // Harness no. 107798
- Cooling station low refrigerant
- Kühlstation hoch Glykol
- Cooling station high refrigerant

For the electrical wiring of the cooling stations listed above, the cable routing shown must be followed.

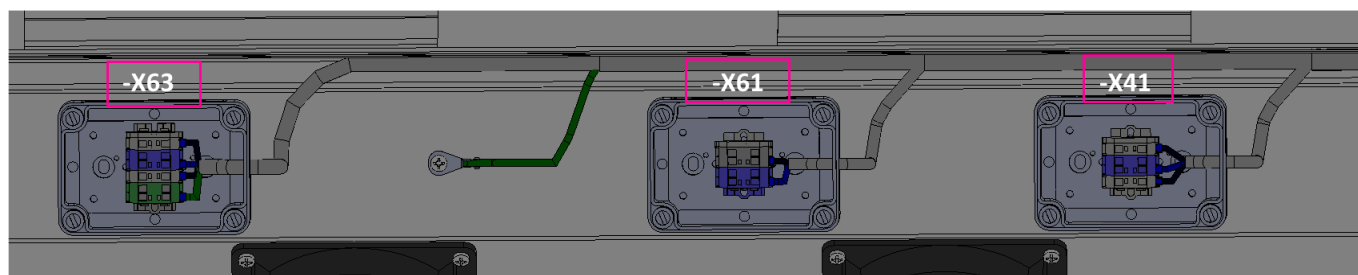

Při elektrickém zapojení výše uvedených chladicích stanic je nutné dodržet vyobrazené vedení kabelů.
